

# Float Plan and Trip Contract

## Trip Name

Jug Island Beach

## Date

July 4, 2021

## Trip objectives

This is a return trip from Barnet Marine Park, an easy day trip with lunch at Jug Island Beach..

## Route

We would launch from Barnet Marine Park, paddle past Belcarra (following the shoreline of the Belcarra peninsula) and stop at Jug Island Beach for lunch. That should take about 1.5 hours of paddling. If the group is interested we could explore Bedwell Bay, before paddling back to Barnet.

## Group

Given Name	Surname	Email	Phone
Tony	Webb	tonyjwebb@gmail.com	778 991 7456
Julie	Webb	juliewebb77@gmail.com	778 847 3872

## Forecast

?

## Sun

July 4, 2021 Sunrise 5:08 am, Sunset 9:11 pm

## Tides (Deep Cove)

July 4, 2021:

- High 2:13AM PDT 4.4m
- Low 9:26 AM PDT 1.68m
  - Flooding
- High 4:37 PM PDT 3.79m
- Low 8:17 PM PDT 3.36m

## Currents

Flooding during the middle of the day. Neaps. Should not be a problem.

## Trip Schedule

Meet at Barnet Marine Park at 9:00am, and we should be back at Barnet around 2pm or 3pm..

	<b>5 km to Jug Island, 5km back (10km round trip)</b>
09:00	Meet at Barnet Marine Park, at the unloading area at the gate just before the rail tracks at the eastern side of the park
~10:00	On the water
~11:30	Lunch at Jug Island Beach. There is an outhouse there.
	Explore Bedwell Bay (if group decides to)
	Paddle back the way we came
14:00-15:00	Back at Barnet Marine Park

## Map of Barnet Marine Park:

## Bailout options

- Head of Bedwell Bay (trailhead)
- Belcarra beach

## **Expectations of participants**

This will not be a very demanding trip, subject of course to weather.. Participants are expected to be verbal and honest about their personal condition, energy level and state of mind.

## **Risk Management**

You have an obligation to speak up if your condition changes and you are

- Sick
- Cold
- Hungry
- Scared
- Hurt or
- Tired

We will change plans accordingly.

## **Go/no go decisions**

We will make go/no go decision that morning and at each bailout opportunity, and go with the weakest group member.

## **Circumstances for separating from group**

The group will stay together for the duration, except in the event that we are at a bailout point which allows a safe transition for you, your boat and your gear.

## **On-water management**

We will have a lead and sweep at all times. Everyone has a responsibility to know where we are and where we are headed, monitor wind, weather, tides and currents, and monitor their own condition.

Stay within voice distance of the rest of the party at all times, ideally within a boat length of a buddy.

## **Communications**

Standard signals in use

## **Sound Signals**

One blast – hey, I'm talkin to you!

Two blasts – come to me.

Three blasts - help

## **Hand signals**

Wave hands frantically – help

Hand on head – are you OK?

Hand on head – I am OK!

## **Paddle signals**

Paddle straight up – come to me

Paddle pointing at something – go that way

Horizontal paddle – stop

Horizontal paddle pumped up and down – **STOP!**

We shouldn't need paddle signals, since we are staying within voice distance ...

## **Environmental impact**

This is a zero impact, pack it in, pack it out trip.

## **Personal Gear**

Bring your own minor first aid kit, meds.

Ensure that you have the coast guard essentials (bailer, heaving line, PFD and whistle) at all times

Wear your exposure gear!

Bring a paddling jacket for over your wetsuit

## **Approach for meal planning**

Bring own lunch, water!
